

Microsoft Education

Meet your students' device needs without breaking your budget

Answer four quick questions in the Education Device Quiz to land results reflecting the soundest choice for students' needs—and your budget. With your personalized recommendations, you home in on devices reflecting the soundest choice for your students—whether their needs require devices that are ruggedized, affordable, powerful, or flexible. With Microsoft Education, you:

- Lower the cost of buying and managing devices, so your school can give more students access to them.
- Save IT staff time with devices that are easy to set up, deploy, manage, and monitor.
- Protect your school and students with the highest standards for safety and security.
