

Microsoft Education

Familiar solutions ensure that your new technology gets used

Equip educators with technology that 71 percent of them [already like to use](#). Read the **Teachers Know It** infographic and discover how Microsoft Education solutions encourage adoption among teachers with easy-to-use technology. You'll also learn how these classroom solutions:

- Prepare students with the top two technical skills that employers want to see: Microsoft Office and Microsoft PowerPoint.
- Offer secure resources and tools for student laptops and tablets.
- Present most of your teachers with technology they know, so they'll be confident with the new learning tools from the start.
