Microsoft Education

## Get tools to help students succeed

Make sure your educators have the tools to help all students achieve more—without learning abilities imposing limitations. Learn how the Microsoft Education accessibility learning tools:

- Build emerging readers' confidence with features such as **Read Aloud**, and **Picture Dictionary**.
- Help students improve reading speed and comprehension with **Line Focus**, which highlights text and breaks words into syllables.
- Identify words that are misspelled and grammatical mistakes with **Editor**.
- Allow students to type by speaking words out loud using **Dictate**.
- Make it easier for students to engage with the material—they can change settings to magnify words or change text/background color.
